				This W.A.O. is issued for the purpose of defining and collecting costs associated with the settlement expenses resulting from the termination of Projects 9040 and 9045.  1. <u>Definition</u>  This WAO is issued to define and collect all expenses leading to the settlement of the termination of Projects 9040 and 9045.  2. <u>General</u>  Settlement expenses include accounting, legal, clerical, and other similar costs necessary for the preparation and presentation of settlement claims and supporting data with respect to the terminated portion of the contract and to the termination and settlement of subcontracts. Such costs will include labor, related travel expenses, and any other expenses directly attributable to the effort. Other costs to be charged to this project include all reasonable costs for the storage, transportation, protection, and disposition of property acquired or produced for the contract.
